Greetings to the Graduates

As we go through life, our progress is marked by special moments when we turn corners and new horizons open out before us. This convocation of scholars celebrates the happy observance of such an important turning point in your lives.

The ceremony is steeped in customs that have been passed down to us over the centuries. It is sedate, colorful, traditional, and meaningful. We hope you will enjoy the experience and will participate in the goodwill that permeates a day to be remembered.

By conferring its degrees, the University confirms that you have successfully fulfilled a rigorous course of study and have earned the right to enter into the collegiality of educated women and men. Be proud of what you have done, and be grateful for what the University has done for you.

Understand that the University of Alberta is not just the campus which you know so well. It is everything that our graduates of yesterday, today, and tomorrow accomplish to make our world a better place to live in. Today you join a worldwide community of alumni, a hundred thousand strong, whose support and interest is vital to the enhancement of the quality and the value of the degrees which you receive today. Keep in touch, and never forget the University that nurtured the mind you use every day. You entered to grow in wisdom. You leave the better to serve your community and yourselves.

Welcome and Congratulations.

Sandy Mactaggart
Chancellor

Paul Davenport
President and Vice-Chancellor

Universities began as small collections of scholars who worked together to preserve and advance knowledge. Students came to study with them and, in due course, an administrative structure arose to provide system and recognition for those studies. This ancient structure is preserved at the University of Alberta, with the faculty and the students providing the core of the University's purpose: teaching and the advancement of knowledge. The faculty's task is facilitated by their colleagues in the academic staff, the Faculty Service Officers, the Administrative Professional Officers and the Librarians, and the University's dedicated support staff.

The faculty, numbering some 1,600, is responsible for creating programs of study, for teaching, and for evaluating the learning of the student body, both undergraduate and

graduate. In addition, faculty members are responsible for the scholarly reputation of the University by preserving and sharing knowledge and by pursuing new ideas and knowledge through their research.

The faculty and staff congratulate you, the graduates, on the successful completion of your present studies which is recognized by the degrees to which you are admitted today. Your achievement deserves praise. We hope your present knowledge provides a sound base for an education which will continue throughout a rewarding life. We would remind you of the advice given to graduands by Honorary Degree Recipient Dr Tommy Banks: "Try to be a good person. You will be amazed how rewarding it is."

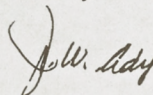

Congratulations from the Faculty and Staff!

I am pleased to join with your families, friends, the faculty and staff of the University of Alberta in congratulating you on the successful completion of your studies. You have reached this important milestone through a great deal of commitment and effort, and therefore have good reason on this special day to be proud of your accomplishments.

This convocation also has a much broader purpose. It is an opportunity for your family and friends to come together to wish you all of life's best as you meet the personal and professional challenges that lie ahead.

To everyone receiving degrees, including the Honorary Degree recipients, and on behalf of Premier Klein and my colleagues in the Legislative Assembly, I wish you success and good fortune in your future endeavors.

Sincerely,

Jack W Ady, Minister of Advanced Education and Career Development

University Mace and Ceremonial Chairs

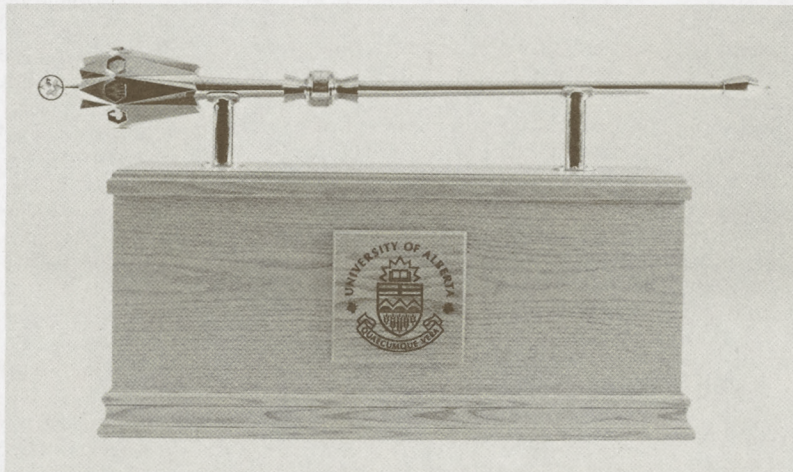

The University of Alberta Mace was designed and crafted specifically for the University as a gift from Dr Francis Phillip Galbraith, Chancellor of the University of Alberta from 1964 - 1970. It was presented by his son, Michael Galbraith, on behalf of his father on May 26, 1970.

Among its elements are: the Star of Saint Thomas Aquinas, the Patron Saint of Scholars; the Wild Rose of Alberta; the Maple Leaf; and the separate charges which make up the University's Coat of Arms. The University motto "Quaecumque Vera" ("Whatsoever Things Are True" Phil 4:8) encircles the staff. The Mace is made of sterling silver which was rhodium plated after the insertion of the various enamelled shields which make up its elements. A special

electro-plate process was used to apply 24 carat gold to other parts of the Mace.

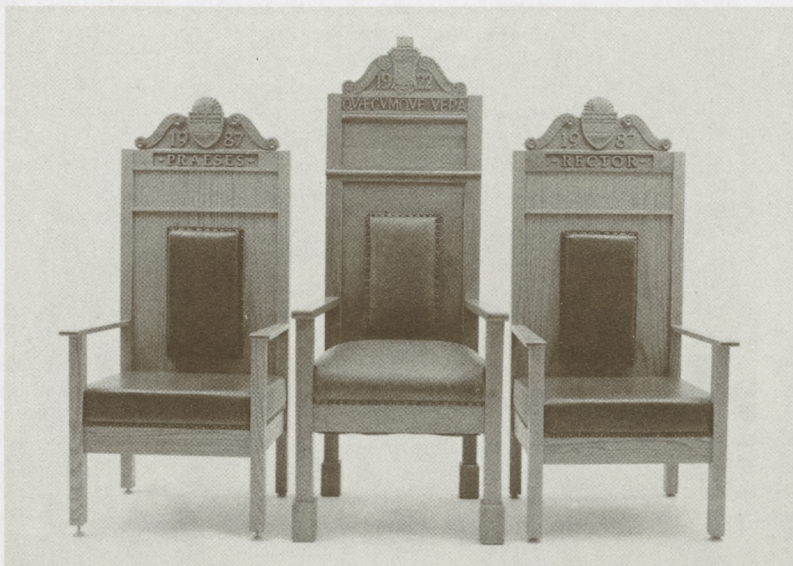

The Mace's modern appearance reflects its medieval origins. The preponderance of visual weight at the top of the staff and the rather complex section through the metalwork at this point are reminiscent of the use of the mace as a defensive or aggressive weapon.

The Mace is carried before the Chancellor, or Vice-Chancellor, in procession and rests on its stand in full view of the assembly during Convocation. Centuries ago the mace was a symbol of authority over life and death. Today it represents power – but the power of knowledge and the importance of the University in the community.

The Chancellor's Chair was presented to the University of Alberta as a gift from the 1922 graduating class. It is made of solid oak with a padded leather back and seat. Above the padded leather back is carved the University motto "Quaecumque Vera" together with the class year, 1922, and the University coat-of-arms.

In 1987, the family and friends of Dr Charles Malcolm Macleod, Chair of the Board of Governors from 1950 to 1966, presented a memorial gift to the University of an oak stand for the University of Alberta Mace and two additional chairs for use by the President and the Chair of the Board of Governors at Convocation.

Convocation

In the eleventh century, a new vitality quickened all aspects of the civilization of Western Europe. The creative forces thus unleashed soon found expression in new institutions, and of these the university bids fair to be the most enduring. The modern university is the lineal descendant of the university of the Middle Ages. Its purposes and organization, even much of its ceremonial, are medieval in origin.

The medieval university was originally called a *studium generale*, that is, a place of learning to which teachers and students from anywhere resorted. The first *studia* were at Salerno, Bologna, and Paris. These came into existence spontaneously and developed through the twelfth century as the needs of the time and their inner necessities dictated. In the thirteenth century these spontaneous associations crystallized into guilds or corporations endowed by Church and State with specific privileges which guaranteed the internal autonomy necessary for the vocation of study. To these corporations was increasingly applied the word *universitas* denoting the entire group of those responsible for the transmission of higher learning and the pursuit of knowledge.

By the beginning of the fourteenth century, two forms of university organization had appeared. At Bologna, which was primarily a higher school of canon and civil law to which came men experienced in ecclesiastical and secular administration, the control of the *studium generale* passed to the students; hence Bologna was a *universitas scholarum*. On the other hand in Paris and Oxford, whose dominant faculty was the Faculty of Arts, the *studium* emerged under the direction of a guild of teachers, a *universitas magistrorum*. Through its own officials, notably the chancellor (once symbol of external control and by now of internal autonomy), the guild of teachers developed its courses of instruction, administered its own affairs and admitted to its company only those who had met its intellectual standards. The University of Alberta stands in the tradition of Paris and Oxford.

Originally the goal of the medieval student was certification by the guild of teachers that he also was qualified to teach (the *licentia docendi*). With the passage of time the student's progress through the curriculum was marked by ceremonies which signified his successful attainment of a certain level (*gradus* or in modern language, degree) of competence. The Bachelor had completed his apprenticeship

in the Faculty of Arts. The Master was now qualified to teach in that Faculty and was thus incorporated into the *universitas magistrorum*. The Doctor was one who, having obtained the mastership, had successfully completed the curriculum of one of the "higher" faculties (in the Middle Ages, law, medicine, and theology) and was now qualified to teach in those faculties. Inevitably the degrees of the *universitas* did more than admit their holders to the teaching profession. They served the wider social purpose of demonstrating their holders' fitness to serve the entire medieval community.

Today's ceremony stems from the medieval tradition. The procession of the guild of teachers, whose solemn assembly, or convocation, is the modern equivalent of the medieval *magna congregatio* of all faculties, is led by the Chancellor and the Chief Marshal carrying the mace, the symbol of the University's corporate authority. The academic gowns, hoods, and caps, once the sober, disciplined dress of secular clergy and teachers, declare in their various designs and colors the academic qualifications of the Faculty. The citations and presentations by the Faculty to the Chancellor attest to him and to society the degree of proficiency attained by the students of the University. There follows a visible and public act whereby the *universitas magistrorum*, acting through its Chancellor, confers upon the students the appropriate degree. It is the act, not a certificate, which constitutes the validity of the degree bestowed. More, the formula, "I admit you" and the placing of the students' hands within the hands of the Chancellor and his associates, bind the students in the appropriate degree to the *universitas magistrorum*. The students thereafter bear for all time the mark of their association with this University. They have received what the University has been and presently is. Since they bear in themselves the promise of the future, they are what the University hopes to be. For all its solemnity, convocation is a joyous occasion.

The history of academic dress reaches far back into early days of the oldest universities. A statute of 1321 required that all "Doctors, Licentiates, and Bachelors" of the University of Coimbra wear gowns. In England, in the second half of the 14th century, the statutes of certain colleges forbade "excess apparel" and prescribed the wearing of a long gown. It is still a controversial question as to whether academic dress finds its sources chiefly in ecclesiastical or in civilian dress. Gowns

may have been counted necessary for warmth in the unheated buildings frequented by medieval scholars. Hoods seem to have served to cover the tonsured head until superseded for that purpose by the skull cap. This was itself displaced by a headdress more or less like one or another of those now recognized as "academic." [The mortar board, the hard, square cap commonly used as academic headdress today, evolved from the softer, more flexible "square cap" that was introduced in England in about 1490 and is named for the square board on a handle used by stone masons for holding the mixed mortar to be applied to walls.] Both Cambridge and Oxford have made academic dress a matter of university control to the extent of even its minor details and have repeatedly issued revised regulations. In Laudian days in Oxford it was prescribed that any tailor who departed from authorized design "even by a nail's breadth" in the making of any article of collegiate costume was to be punished by the vice-chancellor of the university.

Academic dress at the University of Alberta generally follows the prescription of Cambridge University in the design of the gown, and that of Oxford University in the design of the hood. The following page provides a detailed description of the academic dress at this institution.

In addition to the apparel worn by holders of degrees conferred by the University of Alberta, a collection of apparel specific to particular offices has also been developed. The President of the University wears a green gown faced with gold braid trim and lining and a green cap with a gold tassel. The Chancellor and Chancellors Emeriti wear gowns of teal blue with silver trim and black caps with silver tassels. The gowns of the senior officials bear an embroidered crest of the University. University Governors and Senators wear stoles bearing the crest of the University over their gowns: gold for Governors and green for Senators. The University Registrar wears a green gown with gold trim on the sleeves.

Graduates and staff of the University of Alberta who wish to purchase their own academic apparel are invited to contact: Harcourt's Limited, 26-28 Duncan Street, Toronto, ON, M5V 2B9. Order forms may be obtained by contacting the Convocation Officer in the Office of the Registrar.

Doctorate Degrees

Doctors' gowns (PhD, DMus, and EdD) conform to the Intercollegiate Code in design. They are made of black material and the velvet trim on the sleeves is Philosophy Blue for the PhD and DMus, and Education Light Blue for the EdD. Doctor's hoods conform to the Intercollegiate Code in shape, size, and color. They are made of black material to match the gown, and have a full lining of gold satin with a six-inch green satin chevron. The velvet trim distinguishes the two degrees and matches the velvet trim on the gown's sleeves. There is a narrow green piping where the gold lining joins the black material. Mortarboards are the standard black trencher shape with black tassels, which are worn forward and to the left.

Honorary Doctorates

Honorary Doctors of Laws, Letters, and Science wear a scarlet robe faced with white silk. Hoods are made in the Cambridge form of scarlet silk with a full lining of white silk. Caps are black velvet with a gold tassel.

Honorary Degree Recipient

Dr Paul Davenport became the University of Alberta's tenth President on August 1, 1989. During his five years on campus, Dr Davenport and the University of Alberta have been acknowledged as national leaders in making difficult selective budgetary decisions in order to preserve excellence with limited resources. The University's strategic plan, *Degrees of Freedom* sets out the vision for the University of Alberta to the year 2005 as "the leading Canadian university and a major international university in a select number of teaching and research areas." In February 1994, Dr Davenport introduced *Quality First*, a document containing 15 proposals aimed at implementing the strategic plan.

Since becoming President, Dr Davenport has been active as a public speaker on higher education, with particular reference to maintaining excellence in teaching and research as budgets decline. The Senate, in offering the honorary degree to Dr Davenport, cited his dedication to our institution, his innovation in difficult times, carried out with courage and skill, and his tireless efforts in the cause of higher education.

Dr Davenport strongly believes that academic priorities should determine budgetary allocations, whatever the budgetary pressures a university may face. He played a leading role in the establishment of a fund for PhD Recruitment Fellowships which grew to \$3 million from 1990 to 1994 and in reallocating budgetary funds to support the University's commitment to excellence.

Dr Davenport attended Stanford University where he received a BA with Honors in Economics "With Great Distinction" (1969), and was named Phi Beta Kappa. He then attended the University of Toronto, and received an MA and PhD in Economics from that institution. He was appointed as Assistant Professor in the Department of Economics at McGill University in 1973, and subsequently was promoted to Full Professor.

Dr Davenport's research in economics has centred on the theory of economic growth, the analysis of the productivity slowdown in Canada during the last two decades, and federal-provincial fiscal arrangements in Canada. He has published widely in these fields in academic journals and books. His research has been supported by grants from federal and provincial granting councils. He has supervised over 20 Masters and PhD theses, and has taught honors and graduate courses in macroeconomics and on the Canadian and Quebec economies. He has also presented some 50 lectures and papers at academic meetings since 1973. From 1982 to 1986 he was Associate Dean in the Faculty of Graduate Studies and Research at McGill, and from 1986 to 1989, Vice-Principal (Planning and Computer Services).

Dr Davenport leaves to become President of the University of Western Ontario effective July 1, 1994.

The Senate is donating the following volume to the Bruce Peel Special Collections Library to commemorate the awarding of the honorary degree to Dr Paul Davenport:

Kathleen M Snow's *Maxwell Bates, Biography of an Artist*. Calgary, University of Calgary Press, 1993. Maxwell Bates (1906-1980) was one of Canada's – and particularly Alberta's – finest modern painters, admired for his visionary landscapes and boldly colored and expressive figure studies. This edition of the first biography is a notable scholarly work, number eight of 135 copies specially bound in goatskin and Japanese cloth, with four lino-cuts designed by John Snow from drawings in Bates' sketchbooks.

Graduates

The list of candidates for degrees and certificates appearing herein is subject to such corrections, with respect to additions, deletions, and changes, as may be necessary. The information as presented is current as of the program printing deadline. Graduates attending the ceremony are presented to the Chancellor alphabetically, beginning with those graduates receiving their degrees "with distinction" or "with first class honors." The winner of the most prestigious award in each Faculty, if attending, is presented first.

O Canada! Our home and native land!
True patriot love in all thy sons command
With glowing hearts we see thee rise,
The True North strong and free!
From far and wide, O Canada,
We stand on guard for thee.
God keep our land glorious and free!
O Canada, we stand on guard for thee,
O Canada, we stand on guard for thee.

O Canada! Terre de nos aïeux,
Ton front est ceint de fleurons glorieux!
Car ton bras sait porter l'épée,
Il sait porter la croix!
Ton histoire est une épopée

The Presentation

The Associate Dean of the Faculty of Engineering asks the candidates for degrees to rise, and presents them with these words:

"Eminent Chancellor and President, on behalf of the Faculties, I present to you these scholars and ask that they be pledged and admitted to the degrees to which they are entitled."

The Pledge

The President then addresses the candidates in these words:

"Do you promise faithfully to observe and loyally to maintain the statutes, customs, privileges, and liberties of this, your University? Do you solemnly promise to conduct yourself in all things loyally and faithfully to the honor of your University, the encouragement of learning, and the good of your country?"

Each candidate replies:

"These things I pledge myself to do."

The Admission

The Chancellor then addresses the candidates in these words:

"By virtue of the authority vested in me by the Legislature of this Province, and with the consent of this University, I admit you to the degrees to which you are entitled, and invest you with all the powers, rights, and privileges pertaining to such degrees, and I charge you to use them for the glory of God and the honor of your country."

The graduates may be seated.

Presentation of Graduates

The graduates are presented individually to the Chancellor in the order of seniority of their degrees. Degrees are presented according to the establishment date of each faculty and program. Graduates receiving their degrees With Distinction are presented before other graduates of the same program. At the discretion of the Faculty, the notation "With Distinction" is inscribed on the permanent record and graduation parchment of a candidate for any degree (except an honors or graduate degree), if the candidate has obtained a grade-point average of 7.5 or higher over the last two years of the program.

Honorary Degree Recipient

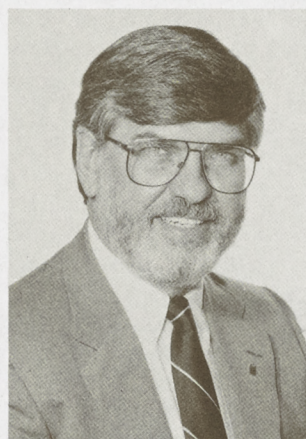

Mr David McLean is Chair and Chief Executive Officer of the McLean Group of Companies headquartered in Vancouver. His community activities are extensive and include serving as chair of several organizations: the Centre for North American Business Studies at Simon Fraser University; the Vancouver Board of Trade Foundation; and the McLean McCuaig Foundation. He also sits on the advisory board of the Institute of Canadian Studies at the University of California, at Berkeley; is a Fellow of the Foundation for Legal Research in Canada; and is a director of Ducks Unlimited Canada.

In the past, Mr McLean served as Chair of the Board of Governors at the University of British Columbia (UBC) and of Westech Information Systems Inc and is the former chair of the Canadian Chamber of Commerce and Vancouver Board of Trade. He held directorships in a number of companies and associations including the Canadian National Railway Company; Northwestel Inc; Nu-West Group Ltd; De Havilland Aircraft of Canada; Writers' Development Trust; and the Vancouver Economic Advisory Board. Mr McLean also lectured in the Faculty of Law and continuing education program at UBC.

An alumnus of the University, Mr McLean is a member of the Law Societies of Alberta and British Columbia, the Vancouver and Canadian Bar Associations, and the Real Estate Council of British Columbia.

The Senate is donating the following volume to the Bruce Peel Special Collections Library to commemorate the awarding of the honorary degree to Mr David McLean.

Hudson's Bay Company's *Private Instructions For The Company's Agents*. Hudson's Bay House, London, 1858. (Great Britain, Colonial Office) *Confidential. Correspondence Relative to Disturbances at Red River, 1869-70*. London, 1875. Two rare confidential pamphlets relating to Hudson's Bay Company matters in Western Canada. The first describes changes in the allowances and rations of employees, stemming from many complaints, which will now include tea and sugar. No other copy of this document is known. The second relates to losses sustained by the Company at Red River and the question of compensation. It is so scarce as not to be listed in any of the appropriate bibliographies. These documents represent a significant addition to our major Canadiana collection.

The list of candidates for degrees appearing herein is subject to such corrections, with respect to additions, deletions, and changes, as may be necessary. The information as presented is current as of the program printing deadline. Graduates attending the ceremony are presented to the Chancellor alphabetically, beginning with those graduates receiving their degrees "with distinction." The winner of the most prestigious award in each Faculty, if attending, is presented first.

God keep our land glorious and free!

President's Address

Conferring of Degrees

The Presentation

The Dean of the Faculty of Education asks the candidates for degrees to rise, and presents them with these words:

"Eminent Chancellor and President, on behalf of the Faculty, I present to you these scholars and ask that they be pledged and admitted to the degrees to which they are entitled."

The Pledge

The President then addresses the candidates in these words:

"Do you promise faithfully to observe and loyally to maintain the statutes, customs, privileges, and liberties of this, your University? Do you solemnly promise to conduct yourself in all things loyally and faithfully to the honor of your University, the encouragement of learning, and the good of your country?"

Each candidate replies:

"These things I pledge myself to do."

The Admission

The Chancellor then addresses the candidates in these words:

"By virtue of the authority vested in me by the Legislature of this Province, and with the consent of this University, I admit you to the degrees to which you are entitled, and invest you with all the powers, rights, and privileges pertaining to such degrees, and I charge you to use them for the glory of God and the honor of your country."

The graduates may be seated.

Presentation of Graduates

The graduates are presented individually to the Chancellor. Graduates receiving their degrees With Distinction are presented before other graduates of the same program. At the discretion of the Faculty, the notation "With Distinction" is inscribed on the permanent record and graduation parchment of a candidate for any degree (except an honors or graduate degree), if the candidate has obtained a grade-point average of 7.5 or higher over the last two years of the program.

Faculty of Education

Graduates are presented by Professor HW Zingle, Dean, Professor HG Ilott, Associate Dean (Undergraduate Student Services), and Professor JG Paterson, Associate Dean (Research and External Relations):

Following the presentation of the graduates, the Dean of the Faculty of Education will rise and say:

"Eminent Chancellor, on behalf of the Faculty, I present to you the remaining scholars whose names appear in the Convocation Program, but who are not in attendance."

Honorary Degree Recipient

Mrs Dasha Goody has contributed to the Edmonton theatre scene for the past 42 years, serving as vocal coach and musical consultant to hundreds of students. In 1977, she founded and is still artistic director and master vocal instructor for the Edmonton Musical Theatre, a group dedicated to the training and development of promising young talent in the field of musical arts, and the only non-profit organization of its kind in western Canada. A number of years earlier, Mrs Goody founded the Orion Musical Theatre which produced such performers as Robert Goulet, Mike Darrow, and Tommy Banks.

In addition to her theatre groups, Mrs Goody was a part-time instructor of vocal performing skills at Grant MacEwan Community College. She was a music/drama producer and a vocalist with CBC Edmonton as well as a music director at CHQT and a producer/writer at CHED radio in the city.

Mrs Goody's contributions have been widely recognized with honors, including the 1991 Woman of Distinction Award, 1991 City of Edmonton Achievement Award (culture), 1990 Elizabeth Sterling Haynes Award, 1982 City of Edmonton Appreciation Certificate and the 1979 Alberta Achievement Award of Excellence.

The Senate is donating the following volume to the Bruce Peel Special Collections Library to commemorate the awarding of the honorary degree to Mrs Dasha Goody:

William Egerton's *Faithful Memoirs of the Life, Amours and Performances, of that justly celebrated and most eminent actress of her time, Mrs Anne Oldfield*. London, 1731. One of England's greatest actresses, Oldfield (1683–1730) excelled in both comedy and tragedy, and was admired for her beauty as well as her vivacious acting. She was the only English actress whom the French philosopher Voltaire could understand and she was buried in Westminster Abbey. This scarce volume was the first account of her career and contains many monologues of her favorite stage heroines some of whom are quite obscure today. Egerton is a pseudonym for the writer Edmund Curll.

Graduates

The list of candidates for degrees and diplomas appearing herein is subject to such corrections, with respect to additions, deletions, and changes, as may be necessary. The information as presented is current as of the program printing deadline. Graduates attending the ceremony are presented to the Chancellor alphabetically, beginning with those graduates receiving their degrees "with distinction." The winner of the most prestigious award in each Faculty, if attending, is presented first.

The Presentation

The Dean of the Faculty of Graduate Studies and Research asks the candidates for degrees to rise, and presents them with these words:

"Eminent Chancellor and President, on behalf of the Faculties, I present to you these scholars and ask that they be pledged and admitted to the degrees to which they are entitled."

The President then addresses the candidates in these words:

"Do you promise faithfully to observe and loyally to maintain the statutes, customs, privileges, and liberties of this, your University? Do you solemnly promise to conduct yourself in all things loyally and faithfully to the honor of your University, the encouragement of learning, and the good of your country?"

Honorary Degree Recipient

Dr Frank Elliott is a specialist in internal medicine and has practiced in Edmonton for the past 48 years. A graduate of the University of Alberta, he received the Mosher Memorial Medal for the highest marks in medicine in his graduating year. Dr Elliott studied at the Mayo Clinic and during World War II, served in the Royal Canadian Navy as a medical officer. The same year he began his medical practice in Edmonton (1946), Dr Elliott joined the department of medicine on a part-time basis and maintained a teaching affiliation with the medical school for more than 30 years.

Dr Elliott has a long history of commitment and dedication to medicine and to the community. During the 1953 polio epidemic, he was one of three doctors who took turns living in the isolation unit at the Royal Alexandra Hospital (sometimes for several months) caring for patients in the acute phase of the disease. He has also served on the medical advisory board for Hospital District 24, which deals with chronic care facilities. Dr Elliott has moved away from the practice of internal medicine and into geriatrics, continuing to care for his aging patients.

Dr Elliott was one of the first people to become a postwar Fellow of the Royal College of Physicians and Surgeons by examinations and among the first internists in Alberta with this Fellowship degree.

Dr Elliott has received numerous awards and honors including the first Distinguished Clinical Professor award presented by the University's Faculty of Medicine and a special award of excellence from the Province.

The Senate is donating the following volume to the Bruce Peel Special Collections Library to commemorate the awarding of the honorary degree to Dr Frank Elliott:

Toni Dove's *Mesmer: Secrets of the Human Frame*. New York, Granary Books, 1993. This remarkable artist's book is a "philosophical toy" about psychoanalysis, the mystery of the body and the individual voice, and the creation of an android as the perfect woman, with references to Freud and Mary Shelley's *Frankenstein*. The unusual binding, the different kinds of paper, and the haunting combination of text and images make it a dramatically different "reading" experience. This volume is number three of only 60 copies and is an important addition to the Peel Library's nationally respected collection of artists' books.

Graduates

The list of candidates for degrees, diplomas, and certificates appearing herein is subject to such corrections, with respect to additions, deletions, and changes, as may be necessary. The information as presented is current as of the program printing deadline. Graduates attending the ceremony are presented to the Chancellor alphabetically, beginning with those graduates receiving their degrees "with distinction" or "with first class honors." The winner of the most prestigious award in each Faculty, if attending, is presented first.

The University of Alberta Senate elected **Louis Hyndman** as the 15th Chancellor of the University of Alberta at the Spring meeting, March 11, 1994, and he will begin his four-year term on June 14. Mr Hyndman is a graduate of the University of Alberta (BA, LLB) and is a practicing lawyer in Edmonton with Field & Field Perraton. He was elected to the Alberta legislature in 1967 and held a number of senior portfolios during his 19 years as an MLA: Minister of Education; Minister of Federal and Intergovernmental Affairs; Government House Leader; and Provincial Treasurer. Mr Hyndman retired from politics in 1986 and resumed his law practice.

Since leaving provincial politics, Mr Hyndman has chaired the Commission on Future Healthcare for Alberta (1987-89) and the Review Commission on Transportation Safety (1993). He was also asked to chair the Royal Commission on National Passenger Transportation, a position he held from 1989-92.

Mr Hyndman's affiliation with the University extends to his student days when he was speaker of the model parliament and President of the Students' Union (1958-59). In 1988 he accepted the position of Chair of the University of Alberta "Project Leadership" program. He is a director of a number of provincial and national companies and is also a director of the Asia Pacific Foundation and the CD Howe Institute.

In 1993 Mr Hyndman was awarded the Order of Canada.

The Chancellor is the titular head of the University, chairs all Senate meetings, serves as a member of the Board of Governors, represents the University at ceremonial occasions, and presides over convocation to confer all degrees.

Mr Hyndman succeeds Sandy Mactaggart whose four-year term as Chancellor expires on June 13, 1994.

The list of candidates for degrees, diplomas, and certificates appearing herein is subject to such corrections, with respect to additions, deletions, and changes, as may be necessary. The information as presented is current as of the program printing deadline. Graduates attending the ceremony are presented to the Chancellor alphabetically, beginning with those graduates receiving their degrees "with distinction" or "with first class honors." With glowing hearts we see thee rise,

From far and wide, O Canada,
We stand on guard for thee.
God keep our land glorious and free!
O Canada, we stand on guard for thee,
O Canada, we stand on guard for thee.

O Canada! Terre de nos aïeux,
Ton front est ceint de fleurons glorieux!
Car ton bras sait porter l'épée,
Il sait porter la croix!
Ton histoire est une épopée

Honorary Degree Recipient

His Excellency the Right Honourable **Ramon John Hnatyshyn**, Governor General and Commander-in-Chief of Canada, Chancellor and Principal Companion of the Order of Canada, Chancellor and Commander of the Order of Military Merit, is the 24th Governor General since confederation and the seventh Canadian to hold the office. He was appointed by Queen Elizabeth II, on the advice of Prime Minister Brian Mulroney, and sworn into office on January 29, 1990.

A native of Saskatoon, His Excellency received his undergraduate and law degrees from the University of Saskatchewan. He was called to the Saskatchewan Bar in 1957 and the Ontario Bar in 1986. His Excellency practiced law in Saskatoon from 1960 until he was elected a Member of Parliament in 1974. During those years he was a sessional lecturer at the College of Law at the University of Saskatchewan and a Bencher of the Law Society of Saskatchewan. His Excellency was appointed Queen's Counsel for Saskatchewan in 1973 and was President of the Law Society of Saskatchewan for 1973-74.

His Excellency sat as a Member of Parliament for 10 years and held a number of senior posts including Minister of Justice and Attorney General of Canada, Government House Leader, President of the Queen's Privy Council for Canada, and Minister of State for Science and Technology.

A recipient of numerous awards and honors, His Excellency was appointed Queen's Counsel for Canada in 1988. He was given an Honorary Fellowship from the Royal College of Physicians and Surgeons of Canada and has received 11 honorary degrees from Canadian postsecondary institutions.

The Senate is donating the following volume to the Bruce Peel Special Collections Library to commemorate the awarding of the honorary degree to his Excellency the Right Honourable Ramon John Hnatyshyn.

Jean, Baron de Reuilly's *Voyage En Crimee Et Sur Les Bords De La Mere Noire, Pendant L'Annee 1803; Suivi d'un Memoire....* Paris, Bossange, Masson et Besson, 1806. Reuilly's account of his travels in the Crimea in 1803 contains chapters on geography, natural history, commerce, the Tartars, currency, and the ports of Sevastapol, and the Ukrainian cities of Cherson and Odessa. Only four other copies are known in North America.

The list of candidates for degrees, diplomas, and certificates appearing herein is subject to such corrections, with respect to additions, deletions, and changes, as may be necessary. The information as presented is current as of the program printing deadline. Convocation arrangements
are coordinated by:
Office of the Registrar
Administration Building
University of Alberta
Edmonton, Alberta T6G 2M7

This Convocation Program is printed on recycled paper containing at least 50% recycled fiber including 10% post-consumer waste paper.

If you can, please share this program with a companion. Then, if you do not take it home, please leave it (in good repair) on the table outside the doors as you exit the auditorium. This will help us ensure that someone else can use it on another day of Convocation, and subsequently conserve paper.

Thank you for your assistance.
